

TD SYNNEX CloudShift

Seamless Azure Subscription Transfers to Accelerate Your CSP Growth

Transferring your client's Azure subscription(s) to the Cloud Solution Provider (CSP) program doesn't have to be complex. With the **TD SYNNEX CloudShift**, we handle the transfer process—so you can focus on growing your business and recognizing revenue faster.

Our team of dedicated Azure Solution Architects brings deep expertise and direct access to Microsoft Partner Center, ensuring a smooth, efficient transition of your client's Azure subscriptions into your CSP portfolio.

What We Deliver

- **End-to-End Transfer Execution** – We manage the full transfer process, eliminating the need for internal resources.
- **Expert Consultation** – High-level guidance to help you understand the transfer process and its impact.
- **Subscription Evaluation** – We assess Azure Direct subscriptions for CSP readiness, identifying immovable resources and offering viable alternatives.
- **Comprehensive Transfer Coverage**:
    - Enterprise Agreement (EA) to CSP – with **zero downtime**
    - Microsoft Customer Agreement for Enterprise (MCA-E) to CSP – with **zero downtime**
    - CSP to CSP – with **zero downtime**
    - Pay-As-You-Go (PAYG) to CSP

Why Choose TD SYNNEX?

- Accelerate your CSP revenue recognition
- Minimize disruption with a proven, streamlined process
- Leverage our deep Microsoft expertise and strong vendor partnership
