INNOVATION POWERS ACTION

FEBRUARY 23-26, 2026 | ORLANDO, FL

SAVE MY SPOT

Microsoft InnovAIte is TD SYNNEX's premier annual conference, purpose-built for partners who want to accelerate AI adoption with Microsoft Solutions. This event brings together the full ecosystem — partners, industry leaders and Microsoft experts — to spark innovation, deepen technical capabilities and drive business transformation.

At our 2026 event, attendees can look forward to all-new sessions and content — including AI agent building, Copilot adoption strategies, security-focused workshops and Copilot PC acceleration. They're designed to empower partners with the latest innovations and actionable insights.

Why attend:

Exclusive insights from TD SYNNEX and Microsoft experts on driving cloud and AI adoption and partner success

Hands-on learning featuring immersive workshops around AI agent building, Copilot M365, Azure, Security and Copilot + PC adoption

Access to shared knowledge and information around Microsoft's partner programs and TD SYNNEX partner incentives to unlock revenue streams

Networking opportunities with peers, industry and solution experts to uncover new possibilities in the partner ecosystem
